

MEEKS' MUSINGS

A Note From Pastor Jerry

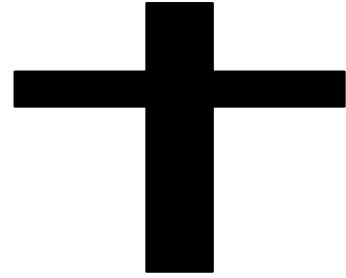

He is Risen! Those words have been instrumental in shaping human history for over 2000 years now. The beautiful thing is that they can shape your individual history or should I say they can shape your individual destiny.

How the disciples must have marveled the first time they heard the news "the tomb is empty the Lord is risen!" Surely they, as we, struggled with disbelief, fear, amazement and finally adoration. You see they came to the conclusion, our Master was telling the truth when He said He would return to us. They responded in such a positive way that their actions changed their world. A small group of fearful, divided individuals rallied around the call of the Master and formed a movement which is still alive and active today - Christianity. The fact that the Master took these imperfect individuals -- indeed these unqualified individuals -- and shaped society gives us hope today. For indeed if we will rally behind His cry and "go and preach the gospel" we will see our society changed as well.

We have this tendency to recoil because our society is becoming anti-Christian, yet it is not nearly as anti-Christian as it was some 2000 years ago. So as we celebrate the Resurrection of our Lord and Master, let us rally behind His call and go into our world preaching the gospel. That gospel is that "He is not dead, He is alive."

Let us remember, just as He kept His promise to rise and appear again, He will keep His promise to return some day.

Have a glorious Resurrection day!
